

# Skin Packaging Films

## Let's talk about your packaging needs

If we don't already manufacture it, the chances are we can custom develop the skin packaging film that will optimize the performance and cost efficiency of your product packaging.

- *Ionomer films for mounting on substrates*
- *Adhesive films for frequent cost conservation*
- *Dry-look films for non-reflective product visibility*
- *Custom-engineered films*

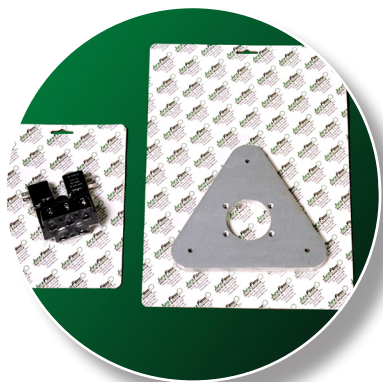

## High performance and economy

We produce our skin packaging films using the finest ethylene copolymer resins, including Dupont Surlyn® ionomer resin.

Let's talk about your packaging challenge and the advantages we can uniquely offer.

- *Lock-down on corrugated and other substrates*
- *Minimize risk of lost parts – clearly show tampering*
- *Reduce loss claims and related costs*
- *Ideal for multi-part organization and identification*
- *Eliminate dunnage materials, labor and recycle costs*

***North America***

## Ionomer Films (Type IO)

A universal film for most any vacuum formed packaging application, our Type IO ionomer skin packaging film assures a crystal clear product presentation.

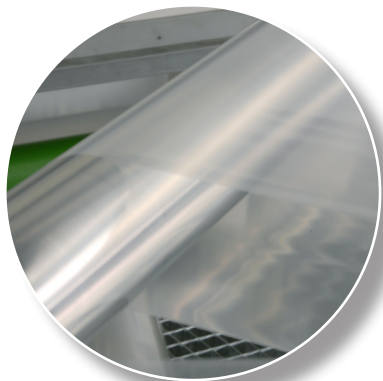

- Outstanding deep draw optimizes vacuum forming
- High toughness withstands multiple handling
- Top choice for card and corrugate mounted retail
- Ideal for printed and coated design options

## Adhesive Films (Type IOB)

Our Type IOB adhesive films are a popular choice for two reasons: They reliably contain and protect products and parts during shipping, storage and assembly. And they do all of this economically.

- Adheres reliably to plain corrugated
- Significant cost savings over standard skin film with treated board
- Contains and protects through to delivery
- Eliminates dunnage materials, labor and recycling

## Custom Films

Over the years, we've engineered and manufactured many new films to address a wide range of performance requirements. Let's talk about how we can do the same for you.

- Application based consulting
- Film modifications
- New film development
- Kitting, crating, printing, labeling

Stock Sizes				
Width	Thickness			
20"	5 mil	7.5 mil	10 mil	15 mil *
26"	5 mil	7.5 mil	10 mil	15 mil *
32.5"	5 mil	7.5 mil	10 mil	15 mil *
38.5"	5 mil	7.5 mil	10 mil	15 mil *
* 15 mil available in limited sizes & quantities				

Application-based consultation • Research-through-delivery  
Extruding and converting • Kitting, crating, printing, labeling
